

Bruce W. Husselbee, PhD, PE, BCEE, DBIA
Engineer in Residence
HRSD Engineering

Mr. Husselbee was the Chief Engineer for the Hampton Roads Sanitation District (HRSD) and worked for HRSD for thirty (30) years. Prior to HRSD, he worked in the consulting engineering field for twelve (12) years. His responsibilities included the management of the Asset Management, Design & Construction and Planning & Analysis Departments. A major role for the Engineering Division includes implementing HRSD's \$3.8B, 10-Year Capital Improvement Program. He is very active in numerous professional organizations including the DBIA, WEF and the ODU Engineering Department Visiting Council.
